

Bartlett's Farm Perennials 2007

Name of Perennial	Flower or Foliage Color	Height	Bloom Time	Exposure	Use	Notes and Comments
achillea millefolium paprika	red with gold center	24-30"	Summer	full sun		fragrant, attracts butterflies, deer/rabbit resistant
achillea millefolium Appleblossom	white-pale pink	24-36"	Summer	full sun		deer/rabbit resistant, grows in poor dry soils
achillea millefolium 'Red Velvet'	red	24-36"	Summer	full sun		deer/rabbit resistant, grows in poor dry soils
achillea millefolium Royal Tapestry	mid pink with white eye	24"	Summer	full sun		deer/rabbit resistant, grows in poor dry soils
achillea millefolium Summer Wine	burgundy	24"	Summer	full sun		deer/rabbit resistant, grows in poor dry soils
achillea ageratifolia	white	5"	late spring	full sun		heavy blooming ground cover
achillea clypeolata	yellow	18-24"	june-july	full sun		silver foliage
achillea filipendula 'parker's variety'	yellow	36-48"	june-july	full sun		
achillea millefolium Terra Cotta	peaches, salmons	30"	Summer	full sun		deer/rabbit resistant, grows in poor dry soils
achillea pretty belinda	pink	20"	june-august	full sun		
achillea ptarmica 'the pearl'	white	20-24"	june-july	full sun		
achillea x 'Moonshine'	Bright Sulphur Yellow	18-24"	Summer	full sun	B,C,D	Silvery-gray leaves, long bloomer
aconitum cam bi color	purple/white	40"	July-August	full to part sun		well branched cultivar
aconitum carmichaelii 'arendsii'	deep violet blue spikes	32"	Mid-late summer	Sun to part shade		POISONOUS! Excellent for borders
aconitum lamarckii	pale yellow	28"	Mid-late summer	Sun to part shade		POISONOUS! Long airy racemes and pale green leaves
aconitum fischeri	large dark blue hooded	36"	Fall	Sun to part shade		POISONOUS!
aconitum 'Henry Sparks Variety'	Purple-Blue	40-48"	Mid-late summer	Sun to part shade	C,W	Tall spikes of flowers with finely dissected foliage
aconitum napellus	blue with a mauve touch	36-42"	Mid-late summer	Sun to part shade		upright habit
aconitum 'Stainless Steel'	Silver Blue	2-3 feet	Mid-late summer	Sun to part shade	C,W	ALL PARTS ARE POISONOUS, however Monkshood deserves a place in the garden, it's a great plant
Adenophora Amethyst	lavender bells	3--36"	Early Summer	Sun to part shade		spreads
Adiantum ped. Miss Sharples	fern			Part to full shade		
agastache aurantiaca 'apricot sprite'	orange	16"	june-july	full sun		silver, aromatic foliage
agastache color spire orchid				full sun		
ajuga burgundy glow	blue	6"	may-june	full sun to full shade		
ajuga metallica crispa	purple	6"	may-june	full sun to full shade		
Ajuga reptans 'Catlin's Giant'	Bright Blue Spikes	8"	April-May	Sun-Shade	G,H	Huge leaves with a reddish cast. Spread by runners, quickly forming mats of foliage.
Alcea ficifolia	Single mixed colors	6-8 ft.	June-July	full sun	H,S	They self sow, and some may need staking.
alcea rosea chater's	double mix	7 ft	June-July	full sun		
Alcea rugosa	yellow single	6-8 ft.	June-July	full sun		
Alchemilla mollis 'Thriller'	Tiny Yellow/Green	18"	Early Summer	Part to full shade	C,S	semi-evergreen ground cover.
allium globemaster	red violet	36"	Early Summer	full sun		Deer resistant
allium moly	yellow	10-12"	may-june	full sun		
allium ostrowskianum-mix	pink & purple globes	6-8"	may-june	full sun		
allium spaerocephalon	red-purple	24-28"	may-june	full sun		
amsonia hubrichtii	blue	24-36"	june	Part to full shade		
anacyclus pyr. dep. Silver kisses	white	4"	spring-summer	full sun		ground cover
Anemone hupehensis 'September Charm'	Single Pink	2-3 feet	Late Summer-Fall	Sun to part shade	C	Requires a rich, well-drained soil for top performance.
Anemone leveillei	white/blue on underside	20"	Early Summer	Sun to part shade		sturdy and compact
Anemone multifida 'rubra'	hot pink	12"	May-June	Sun to part shade		pretty seedheads after flowering
Anemone sylvestris	White	12-15"	Late spring	Sun to part shade	C,D	Excellent for naturalizing in woodlands, has woolly seed heads

Bartlett's Farm Perennials 2007

Name of Perennial	Flower or Foliage Color	Height	Bloom Time	Exposure	Use	Notes and Comments
Anemone tomentosa 'Robustissima'	Pink Single Blooms	3 feet	Fall	Sun to part shade	C	Hardy "Grape Leaf" Anemone; Early fall blooming type.
Anemone x Honerine Jobert	white single	36"	Late Summer-Fall	full sun		Very floriferous with long bloom time.
Anemone x 'Pamina'	Purplish-Pink	24-36"	Late Summer	Sun to part shade	C,D	Drought resistant in cool climates, flowers late summer to fall
anemone x queen charlotte	3" semi double fsoft pink	2-3 feet	Late Summer-Fall	Sun to part shade		
Anemone x 'Whirlwind'	Large Semi-double Pure White	36-48"	Late Summer-Fall	Sun to part shade	C,D	Free flowering. Drought resistant in cool climates.
angelica gigas	red	4-6'	july	part-full sun		biennial
anthemis karpatscnee	white			full sun		
anthyllia vulneraria sossinea	red	6-16"		full to part sun		likes poor dry soil
antirrhinum braun blanquetti	white					
aquilegia 'rose queen'	pink w/ white corolla	23"				
aquilegia vulgaris plena 'ruby port'	dark ruby double	27"				
arabis alpina snowcap	white	6"	april-may	full sun		evergreen
Arctostaphylos uvi-ursi	white	6-10"	March	Full sun		dry sandy soil groundcover, red erries persist through winter
armeria maritima spendens	pink			full sun		
armeria rubrifolia	pink	4"	may-july	full sun		
Artemesia Powis Castle	sinely cut silver leaves	24-30"	n/a	full sun		
Artemesia schmidtiana 'Nana' ('Silver Mound')	Finely Divided Silver Leaves	12"	n/a	full sun	B,D,S	Very useful accent plants. 'Nana' has a gentle, mounding growth habit.
Artemisia vulgaris 'Limelight'	Yellow-white foliage	42-50"	Summer	full sun	D,R,S,C	Finely cut leaves with yellow variegation
Aruncus aethisifolia	Creamy white	3-8"	Early Summer	full sun	R	Dwarf compact plant for rock gardens or the front of a border
Aruncus dioicus	Ivory white	to 5 ft.	Early Summer	full sun	W	Does best in a shady, moist location. Good for the back of the garden.
asarum arifolium		6-8"	june	full shade		shade groundcover
Asclepias incarnata 'Ice Ballet'	Pure White	3 feet	summer	full sun	B,C	Attracts monarch butterflies, likes moist soil. Long lasting cut flower.
Asclepias tuberosa	Brilliant Orange Red	18-24"	July-August	Sun	B	Native wildflower, Breaks dormancy late, Great as a dried flower
asparagus jersey giant	green			full sun		
Aster frikarti 'Monch'	Violet Blue	18-24"	All Summer	Sun	B,C	One of the longest blooming perennials.
astilbe ar. Snowdrift	white	20"	June-July	Part to full shade		
Astilbe arendsii Avalanche	white	22"	early-mid summer	full sun		
astilbe arendsii Bridal veil	white	32"	mid summer	Part to full shade		fragrant
astilbe arendsii cattleya	lilac	40"	mid summer	Part to full shade		fragrant
Astilbe arendsii 'Amethyst'	Lavender	30-34"	June-July	Part to full shade	C,W	Astilbes are excellent plants for shady, moist areas.
Astilbe arendsii 'Sister Theresa'	Salmon-Pink	12-15"	Early to mid July	Part to full shade	W,C	Compact dense plumes
astilbe ch. milk & honey	white plumes turning pink	30"	mid-late summer	full sun to full shade		sun & drought tolerant, vigorous prolific bloomer
astilbe ch. pumila	pink	12"	August	Part to full shade		compact habit and easy to use a a ground cover
astilbe chin. visions in pink	pink	26"	July-August	Part to full shade		long lasting flowers & very floriferous
astilbe chinensis Purpurkerze	purple	42"	late summer	Part to full shade		
Astilbe chinensis 'Visions'	Raspberry-purple	12-15"	Late July mid August	Part to full shade	W,C,D	Drought resistant, compact upright plumes
astilbe crispa perkeo mini	pink	8"	early-mid summer	Part to full shade		dwarf
astilbe jap. elisabeth van veen	raspberry-lilac	24"	june-july	full sun to full shade		
astilbe hyb. heart&soul	pale pink	32"	july	Part to full shade		good sun tolerance
astilbe jap. Bremen				Part to full shade		
Astilbe japonica 'Deutschland'	White	20-24"	Mid summer	Part to full shade	W,C	Tall open plumes, fragrant
Astilbe japonica 'Peach Blossom'	Delicate Salmon pink	20"	Early Summer	Part to full shade	C,W	Add organic matter to soil before planting to ensure good moisture retention.

Bartlett's Farm Perennials 2007

Name of Perennial	Flower or Foliage Color	Height	Bloom Time	Exposure	Use	Notes and Comments
astilbe radius	bright red	24"	mid summer	Part to full shade		
astilbe simp. sprite	peachy-pink	10-12"	late summer	Part to full shade		rust colored seed heads, good for edging, vigorous
Astilbe Weisse Gloria	white	24"	mid-late summer	Part to full shade		very full stocky plumes
Astrantia carniolica rubra	red			Part Shade		
Astrantia major Sunningdale	pale pink	28-30"	summer	Part to full shade		irregularly variegated leaves
Astrantia 'Snowstar'	white	20"	summer	Part to full shade		
astrantia tickled pink	pink					
Athyrium angustum forma rubellum	Lady in Red Fern	30-36"	n/a	Part to full shade		deciduous clumping fern w/ red stems
athyrium filix-femina frizelliae	Tatting Fern	12-18"	n/a	Part to full shade		unique
athyrium filix-femina 'victoria'	Victoria Lady Fern	28-24"	n/a	Part to full shade		deciduous clumping
athyrium niponicum pictum 'Applecourt'	Crested Japanese Fern	12-24"	n/a	Part to full shade		deciduous spreading fern
athyrium pewter lace	fern					
athyrium pictum	metallic-grey green foliage	20"	fern	Part to full shade		
athyrium red beauty	fern					
Athyrium 'ursula's red'	Ursula's Red Lady Fern	14-16"	n/a	Part to full shade		silvery fronds w/red central stripe. Very cool.
Bechnum spicant	fern					
bellis robella	salmon pink double	5"	april-may	full sun		
bellis strawberries&cream	red-white bicolor	6-8"	april-june	full sun		
Bletilla striata	Pink	18-24"	Late Spring	Sun to part shade		This hardy orchid is wonderful for containers in well-enriched soils, protect blooms from late spring frost
brunnera langtrees	blue					
Buddleia davidii adonis blue	deep blue	4-5 ft.	Summer-Fall	full sun		attracts butterflies, fragrant flowers
buddleia davidii black knight	dark violet w/orange eye	7'	Summer-Fall	full sun		attracts butterflies, fragrant flowers; deer resistant
buddleia davidii guinevere	Dark Purple-Blue	8-10 ft.	Summer-Fall	full sun		attracts butterflies, fragrant flowers; deer resistant
buddleia davidii honeycomb	yellow	6-8 feet	july-september	full sun		
buddleia davidii lochinch	Light Blue	4-6 feet	july-september	full sun		
Buddleia davidii Peacock	pink	4-5 ft.	Summer-Fall	full sun		attracts butterflies, fragrant flowers; deer resistant
buddleia davidii potters purple	purple	5-7 ft.	Summer-Fall	full sun		attracts butterflies, fragrant flowers; deer resistant
buddleia davidii purple emperor	purple	4-5 feet	july-september	full sun		
buddleia davidii royal red	purple-red	6-8'	Summer-Fall	full sun		attracts butterflies, fragrant flowers; deer resistant
buddleia davidii white ball	white	3 feet	Summer-Fall	full sun		tidy growth habit, dwarf; attracts butterflies, fragrant flowers
buxus chicagoland green	foliage	2-3 feet		full sun to full shade		
buxus x green velvet	evergreen	2-3 feet	n/a	Sun-Shade		deer resistant; tight compact growth
Calamagrostis Karl Foerster	feathery plumes	3-4 ft.	ornamental grass	Sun to part shade		2001 Perennial of the Year
calamintha grandiflora elfin purple	pink-purple	8"				
calamintha white cloud	white	24-36"	Summer-Fall	full sun		blooms all summer, similar to nepeta
callicarpa early amethyst	bright purple berries	3-4 ft.	n/a	full sun		purple berries in fall, weeping habit; deer resistant
Campanula carpatica 'Blue Clips'	Blue	6-8"	June-August	full sun	R	Long-blooming perennial with a spreading habit.
Campanula carpatica 'White Clips'	Large, Cup-shaped Pure White	8"	June & September	full sun	R	Requires good drainage but very little maintenance. Long-blooming perennial with a spreading habit.
Campanula Chettle Charm	white w/lavender trimmed bells	3-4 ft.	Summer	Sun to part shade		
Campanula coch. Bavaria Blue	light lavender	4"	summer	full sun		mat forming, very floriferous small flowers

Bartlett's Farm Perennials 2007

Name of Perennial	Flower or Foliage Color	Height	Bloom Time	Exposure	Use	Notes and Comments
Campanula cochlearifolia bavaria white	white	8"	may-july	full to part sun		
campanula garganica dicksons gold	blue	4-6"	may-july	full to part sun		
Campanula lactiflora 'Loddon Anna'	Soft Pink	42-48"	Late Spring-Summer	Sun to part shade	C,W	This variety likes to be kept moist.
Campanula lactiflora 'Prichard's Variety'	pale violet	20"	Summer	Sun to part shade		
Campanula lactiflora 'white pouffe'	white	14-16"	Summer	Sun to part shade		
campanula persicifolia grandiflora alba	white					
campanula persicifolia telham beauty	blue					
campanula punc. Royal wave	purple					
campanula rotundifolia	purple					
Campanula x Samantha	1" blue-violet	12"	Summer	Sun to part shade		reblooms if dead headed, very floriferous; spreads; fragrant
campsis rad. 'flamenco'	scarlet	120"	july-september	full to part sun		attracts hummingbirds
campsis rad. Flava	yellow	120"	july-september	full to part sun		attracts hummingbirds
Carex conica Snowline	striped green/white foliage	14-16"	ornamental grass	Sun to part shade		
carex island brocade	foliage					
carex lemon zest	foliage					
Carex oshimensis 'Evergold'	striped dark green/gold	18-24"	ornamental grass	Sun to part shade		dramatic weeping habit
Caryopteris Dark Knight	blue	2-3 feet	Summer-Fall	full sun		Deer resistant
Caryopteris 'First Choice'	Dark Purple-Blue	3 feet	Late Summer	full sun	D,B	Flowers earlier than other cultivars, compact habit with dark dense green foliage; Deer resistant
caryopteris grand bleu	blue	42"	august-september	full sun		
caryopteris petit bleu	blue	3-4 ft.	Summer-Fall	full sun		Deer resistant; tight compact growth habit w/ tight dark blue flower clusters
caryopteris pink chablis	pink	24"	august-september	full sun		
caryopteris snow fairy	blue	34"	august-september	full sun		fast growing species w/ broad green foliage & irregular creamy margins
Caryopteris Sunshine Blue	blue	3 feet	Summer-Fall	full sun		chartreuse foliage;Deer resistant
Caryopteris x clandonensis 'Longwood Blue'	Powder Blue,Grey-green fol	4 ft.	Summer-Fall	full sun	B	Good late season blue; Deer resistan
Centaurea montana	Deep Blue	24"	Late Spring	full sun	C,B	Reblooms if cut back after flowering
Centranthus ruber albus	white	24"	Late Spring-Fall	Sun to part shade		
Cerastium tomentosum	White	4-6"	Late Spring	full sun	D,R,G	Deer and rabbit resistant, wooly gray foliage, excellent for borders or rock garden
Ceratostigma plumbaginoides	Dark Blue	8"	July-September	full sun	R	Long-blooming, leaves redden in fall; Emerges late in spring so take care not to dig it up.
cerinthe major purpurascens	blue-violet	18"	june-september	full to part sun		
Chaenarrhinum Summer Skies	blue	8"	Summer-Fall	full sun		Cascading habit; Great for containers
chaenomeles speciosa toyo nishiki	red, pink & white	3-5 feet	april-may	full sun		
Chasmanthium latifolium	dangling oat-like spikelets	4 ft.	ornamental grass	full sun		great for mass plantings; bamboo like foliage
Chelone obliqua 'Alba'	White	2-3 ft.	Late Summer-Fall	Sun	B,C,W	A white version of the above.
Cimicifuga racemosa 'Atropurpurea'	White w/ purp. foliage	6-7 ft.	Late Summer	Shade	C	"Bugbane" likes moist, acid soil, woodland site.
Cimicifuga racemosa Hillside Black Beauty	white/pale blush	4-7 feet	september-october	Part to full shade		striking dark purplish-black foliage, fragrant
Cimicifuga racemosa Pink Spike	pale pink	60"	late summer	Part Shade		dark bronze-purple foliage
Cimicifuga ramosa Atropurpurea	white	60"	august-october	full to part sun		purple-green foliage
Cimicifuga simplex White Pearl	white	50"	late summer	Part Shade		Spectacular en masse; pale green leaves
clematis armandii snowdrift	large pure white	vine	early-mid spring	Sun to part shade	Climber,S	fragrant and evergreen

Bartlett's Farm Perennials 2007

Name of Perennial	Flower or Foliage Color	Height	Bloom Time	Exposure	Use	Notes and Comments
Clematis Ascotiensis	deep blue		june & august	sun		very large flowers
clematis avant garde	red		July-September	full sun		very unusual pink stamens give appearance of double flower
clematis bees jubilee	pink w/ red bar		may, june & sept.	full sun		does not fade in the sun
clematis bell of woking	double light blue	90-150"	may, june & sept.	full to part sun
